High

TIME CONSTRAINTS

A busy schedule during the week, leisure time at the weekend and difficulty finding time for additional study.

KEY MOTIVATION

Balance in life

QUOTE

"I love what I do, but sometimes I wish there was more room to grow and innovate. At the end of the day, balance is the most important thing."

MOOD IMAGES

A DAY IN THE LIFE

She wakes up at 7.30am, has a short yoga session and starts work at the bank at 9am. At the end of work, at 6.30pm, she leaves the bank and goes for a walk. She often goes for a coffee with friends. After dinner she reads a book and goes to bed early. At weekends, she always tries to plan activities or a short trip to unwind from work.
